

SALMA CHIGUER

FRONT END DEVELOPER

+212606989047

chiguersalma01@gmail.com

Temara, Morocco

About Me

I'm a hardworking and self-driven individual seeking opportunities to learn and grow as a front end developer.

Experience

Cyberground August 2022 - Present

Front end developer (remote)

- Create reusable React components.
- Develop JavaScript functionalities.
- Connect between the back end and front end aspect of web apps through API calls.

Moosa Consulting June 2022 - July 2022

Front end developer (remote)

- Create Proof Of Concepts for clients on WordPress and Shopify.
- Research new technologies and develop POCs.
- Translate clients requirements into tasks and create projects scopes.
- Be part of project management and discussions about technical decisions.

Projects

Portfolio

A website hosted on Netlify through Github where I display my projects. Built with Sass, Bootstrap and AOS.

Weather App

A weather app that interacts with an API to get real time weather. Built with LocalStorage to save the user's last searched city.

To-do list

A CRUD app to manage a list of tasks.

Language

Arabic

French

English

Expertise

- HTML5/CSS3
- SASS
- Bootstrap
- JavaScript
- ReactJS
- Git/Github
